### Pronunciation - Functional Stress

There are many English words with the same spelling but pronounced in two different ways. Usually, when the first syllable is stressed, the word is a Noun and when the second syllable is stressed, the word is a Verb.

For example the word 'contract', when it functions as a Noun will take the meaning 'commitment', while the same word, con'tract as a Verb, will take the meaning 'shrink'. Make a note on the change in the word stress also.

a) Now the teacher will read the following words. Listen carefully to the stress in each word. Write against each word whether it is a noun or a verb and mark the stress.
