## The Soldier

If I should die, think only this of me:
That there's some corner of a foreign field
That is forever England. There shall be
In that rich earth a richer dust concealed;
A dust whom England bore, shaped, made aware,
Gave, once, her flowers to love, her ways to roam;
A body of England's, breathing English air,
Washed by the rivers, blest by suns of home.

And think, this heart, all evil shed away,
A pulse in the eternal mind, no less
Gives somewhere back the thoughts by England given;
Her sights and sounds; dreams happy as her day;
And laughter, learnt of friends; and gentleness,
In hearts at peace, under an English heaven.

## The Significance of Tea

Tea has been an important beverage for thousands of years. It is consumed by two-thirds of the world's population. India is the second largest tea producer in the world after China, although over 70 per cent of its tea is consumed within India. Tea has been proved to offer numerous health benefits. Scientists and researchers have found that drinking tea could reduce the risk of heart diseases. The antioxidants in tea might prevent cancer. Regular tea drinking might help one in lowering blood sugar and blood pressure. Tea might be an effective agent in the prevention and treatment of neurological disorders. The consumption of tea results in the strengthening of one's teeth, bones and immune system. However, drinking too much tea may prove to be harmful to one's health. So, drinking tea moderately could make one healthier. Researchers have confirmed the significant overall health benefits of drinking tea.

## Midnight Wonders

I was tossing in my bed
in the midnight hour,
struggling to get a wink of sleep,
but my eyes lay on the clock tower.

I looked upon the dark sky;
it was adorned with sparkling pearls,
which giggled at me
and put a shine to my curls.
