# PREFACE

The general English syllabus for Class 12 aligns with the recommendations of the National Curriculum Framework 2005. Based on the communicative approach to language learning, the textbook follows the design and structure of the revised class 11 Course Book published in 2017. The 21st Century learner needs to be able to competently collaborate, think critically, solve problems and access digital resources proficiently. Therefore, the selected texts, drawn from different genres, themes and writings across the world are age appropriate,value oriented and motivating. The tasks based on the texts encourage and train the learner to:

- seamlessly integrate the use of the four major language skills, namely listening, speaking,reading and writing naturally and confidently
- acquire fluency and accuracy in Speaking and Writing and ensure appropriate use of format, style and structure
- enrich vocabulary through guided practice
- develop an attitude of contemplation and enquiry which fosters analytical and critical thinking skills
- understand and appreciate prose, poetry and drama
- inculcate creativity and initiative
- understand contemporary issues that they will face in the world outside the school
- participate actively in the learning process by following clear guidelines that encourage collaborative learning through pair work, group work and whole class work
