STORY WRITING

Story writing is an activity that involves creativity. It is a delightful form of composition in a narrative style. The purpose of writing a narrative piece is to educate, motivate or entertain. It can be a fictional story or narration of a real-life incident or experience. Even an interesting incident of everyday life can inspire a plot and supply a scenario for a beautiful story. This exercise requires rich imagination and graphic visualisation.

We all enjoy reading and listening to short stories. Let's try our hand in developing short stories. We shall look at two types of guided writings–developing hints and story completion–that will help us develop story-writing skills.

❖ Before you start writing a story, you need to decide on the following key points.

- **Plot** – What the story is about.
- **Theme** – The message conveyed by the story.
- **Characters** – Main characters – their descriptions and the supporting characters
- **Setting** – Time, location and background
- **Developing storyline** – Create a conflict for the main character.
- **Building the climax** – the turning point of the story – the most dramatic moment
- **Conclusion** – Give a suitable end.

❖ Here are a few hints that can help you produce a well-written short story.

- Begin the story in an impressive manner with any of the following:
  - a remarkable scene
  - a description of the main character
  - a powerful line of dialogue
  - a conflict or a mystery.
- Grab the attention of the readers with an opening sentence that arrests attention and raises questions in the reader's mind.
- Describe the setting – time, location, context and atmosphere.
- Develop the story line and introduce the characters.
- Incorporate an element of suspense and sustain the same till the climax unfolds.
