The shop is located in a prime area where there are many potential customers. The employees are trained well and motivated. The partners have good managerial skills. As a result, the customers' needs are met efficiently. The customers are happy with the after sale service too. In a very short period of time the firm gained popularity and strong customer base.

After two years, the partners decide that the business is worth more than its net assets. So, they value goodwill and want to record it in the books.

Discuss the following:
