STUDENT ACTIVITY

This is an exercise given to the students to do as class work or home work or as field work on the chosen topic in each unit. Accountancy education requires practical exposure to various business environment around the world. Student activity will ensure practical application of the principles learnt in the real business situations and help to develop the analytical and entrepreneurial ability of the students.

This is an online support to enrich learning. Using a smart phone with applied QR code app, the students can have access to short lectures or demonstrations by experts or experienced teachers. This is to be a leisure time exercise or else teachers can display them in class rooms.

POINTS TO REMEMBER

It provides a summary of important subject matter discussed in the unit.

SELF-EXAMINATION QUESTIONS

This section contains theoretical questions and practical problems to be answered by the students. Multiple choice questions help in thorough understanding of the concepts and procedures.

Case study helps in application of accounting principles and practices learnt in real business environment by analysing a particular situation. It enables the students to reach higher levels of knowledge, namely, applying, analysing, evaluating and creating new models.

TO EXPLORE FURTHER

This section enables the students to make a further analysis of the concepts and methods learnt through browsing or learning from the reference books. This again is to enrich learning and to help the students to pursue higher education or professional courses.

GLOSSARY

This section helps in understanding the important terminologies used in the text book through comparison of corresponding Tamil terms.

We wish you a meaningful and successful learning.
