Taking Care of Your Immune System

S.No.	Activities
1.	Eat a well-balanced and healthy diet.
2.	Get plenty of exercise and rest.
3.	Brush your teeth and bathe or shower regularly
4.	Keep your home clean.
5.	Avoid tobacco, drugs and alcohol.
6.	Get vaccinations that prevent diseases.

Do the following activities: Look at the list of behaviors in the table above. Write each of the behaviors at the top of a separate piece of paper. Write down your habits related to each behavior during a typical week. Do you think that your weekly habits are healthy?

Activity 10.4

On a separate sheet of graph paper, graph the data of antibody production given below. You should assume that on 0th day, the body was invaded by an unknown antigen. Then you can also assume that the person was exposed for a second time to the same antigen on day 40.

Time	Antibody Units	Time	Antibody Units	Time	Antibody Units	Time	Antibody Units
0	0	16	80	32	0	48	150
4	10	20	20	36	0	52	300
8	70	24	24	40	0	56	260
12	120	28	0	44	40	60	200

Answer the following questions from the graph:

How does the first part of the graph (days 0-28) compare to the second part of the graph (days 28-60)?

Which do you think is the response being made by the memory cells?
