POINTS TO RECALL

RECAP

From the previous Chapter, the students understood the meaning, definition, classification and auditors duties with regard to reserves and provisions and able to identify the differences between reserves and provisions.

9.1 Introduction

The fundamental aspects of auditing are objectives, techniques and principles of auditing, preparation for an audit, internal audit and internal check, vouching, verification and valuation of assets and liabilities etc., These aspects are applicable to the audit of all types of business entities. However audit of business concerns other than corporate entity is not mandatory. But
