

4. Communication

Communication is the transmission of human thoughts, views or opinions from one person to another person. Workers are informed about what should be done, where it is to be done, how it is do be done and when it is to be done. Communication helps the regulation of job and co-ordinates the activities.

Scholars in the field of management have their own classification of functions of management. Some scholars add few functions and delete some other functions.

Key Words

Motivation	Control
Co-ordination	Innovation
Decision - making	Change

For Own Thinking

1. Check for the criterias that add cost in the absence of planning.
2. Design a communication network that speeds up the work.

For Future Learning

1. Identify the need for financial and non-financial motivators relating to Gen Z.
2. What kind of control measures can be planned for minimal waste for future organisations.
